**Design Using Proper Dimensions:**

Dimensions for all ads are listed to the left.

Advertiser accepts full responsibility if live area/safety is not respected. Publication is printed 150 line screen web-offset to SWOP spec with perfect binding. There is no extra charge for bleed ads.

**Fractional Page Ads:**

All fractional page ads are non-bleed and should be created to the exact sizes indicated.

If a very light or white background is used in your fractional page ad, please add a .5 (1/2 pt.) ruled box around the entire ad.

**Submission Requirements:**

- PDF-X1a format is required with resolution set to 2400 dpi.
- If outputting PDF from Quark Xpress, uncheck buttons in the Quark Color Management field.
- If creating ad in Illustrator, all fonts should be embedded or converted to outlines or curves.
- Convert all images to CMYK only. No RGB images should be used.
- Images should be 300 dpi. No low-res images should be used.
- All fonts and images should be embedded.
- Do not use crop or register marks.
- All RGB, PMS or spot colors must be converted to CMYK.
- Black areas must have a 50 percent cyan bed.
